Terms & Conditions

Where entrants have multiple functions or services, they may use the following statement in addition to their 200 word entry to direct enquirers to a separate directory: 'Please see our entry on the List of Test Publishers'.

- All claims made in entries must be supported by appropriate evidence which should be made available to the publisher (PTC) if requested;
- Entries should avoid direct quotations and testimonials;
- Comparisons should not be made with other products or services and no attempt should be made to be critical of other individuals, companies, products or services;
- Prices of entrants' own services or products are acceptable, but comparison of prices with competitive products or services is unacceptable;
- Entries should not offer special terms for members of The British Psychological Society nor members of the Register of Qualifications in Test Use (RQTU);
- All entries must conform to **The UK Code of Non-broadcast Advertising, Sales Promotion and Direct Marketing (CAP Code)**;
- An entry on the Directory of Providers is dependent on having a BPS Verified Assessor attached to the specific training course/assessment provision, whose assessment methods have been verified by the British Psychological Society. Where this Assessor has allowed their Assessor status or their entry on the RQTU to lapse, the entry on the List of BPS training courses in test use will cease to be valid. In such cases the fee will not be refunded. All entrants may make reference to training offered in respect to psychological testing only;
- Entrants may make reference to courses or training aimed at developing maintenance of competence in psychological testing. Specifically this could be refresher training (which can be instrument-specific), or conversion courses;
- Introductory or taster courses in psychological testing may also feature in the 200 word entry, however as these do not meet the criteria for registration with the PTC for test user qualifications, this must be made clear in the 200 word entry.

The Psychological Testing Centre reserves the right to return 200 word entries to the applicant for revision, where the description directly contravenes the terms & conditions outlined above. The Society reserves the right to remove entries in the case of professional misconduct. In such cases the fee will not be refunded.
